DEAN,
Aarupadai Veedu Medical College & Hospital,
Puducherry 607 403.

NOW therefore, Aarupadai Veedu Medical College and the Department of Biotechnology & Microbiology, National College (Autonomous), Trichy, now therefore inspired by their common objectives to promote and accelerate the progress of research and product development in various disciplines of molecular diagnostics; have decided to enter into this MoU to promote cooperation in the field of Biotechnology and Microbiology and research/academic exchanges that are considered here to include but not limited to the following:

Both parties agree to contribute relevant resources and strengths pursuant to their commitment and in furtherance of objectives of this MOU. The two Parties after considering their objectives and strengths have agreed to have an understanding for collaboration in the following areas of interest:

- Collaboration in the area of medical research with special reference to diagnostics and translational research
- The above areas of research are not restricted but decided mutually based on the necessity and expertise utilization. The research areas will cover the scope and objectives of the parties and the parties can explore the possibilities of research in these areas.
- Submit collaborative proposals of mutual interest for execution in both the institutes as needed.
- Extending the instrumentation facility mutually for both researchers and faculty in both the institutions to carry out collaborative research.
- Organizing and participating in Joint Symposia / Conferences / Workshops / Short-term Refresher courses conducted by both the organizations;
- The financial commitment to either of the parties and expenses of any sort will be decided on a case by case basis and upon mutual consensus.

A. As and when the need arises the two parties can jointly collaborate with other clinical investigators/physicians to submit grant proposals, seek Institutional Ethics Committee(IEC) clearance and carry out IEC approved research. Such supplementary financial agreements are always subjected to availability of sufficient funds with the respective institutions.

B. This memorandum of agreement, the respective institutions' commitment to both research and academic exchanges starts as on the date of the memorandum of understanding. This

memorandum of agreement may be amended or terminated at any time by either party provided that notice of termination or amendment in writing provided by the notifying party to the other party within thirty (30) days of the date on which the termination or the amendment is intended to become effective. Any amendment or termination shall not have an effect of any arrangement in place at the time that notice is provided, where the arrangement arises from any supplementary agreements resulting from this memorandum of understanding.

Both institutions subscribe to the policy of equal opportunity and will not discriminate on the basis of gender, age, disability, race, color, religion, marital status, veteran's status, national or ethnic origin or sexual orientation. The IPR issues involved will be decided on case by case basis.

This Memorandum of Understanding will become effective immediately. It shall continue in effect for a period of 3 years from the date of signing and may be extended by mutual agreement.

IN WITNESSES WHEREOF the parties here to have executed the MEMORANDUM OF UNDERSTANDING as on the date first written above.
