### **Executive Summary**

I am a dedicated researcher specializing in the qualitative and quantitative exploration of Transition and Inequality within the Health Sector. My focal point lies in the post-independence history of Kerala. Was part of Indian History Congress in 2016 and the Kerala History Congress in 2018, both hosted by the Department of History at the University of Kerala. Beyond academia, I possess a flair for technology, exemplified by my excellent proficiency in computing. This technical acumen is complemented by a love for exploration, photography, and reading. Bolstered by my academic achievements, I proudly secured the Third Rank in M.A. History from the University of Kerala. In 2018, I had the privilege of presenting a scholarly paper at the Centre for Advanced Studies in South Asia's Annual Asian Studies Conference in Kathmandu, Nepal. Over the years, my contributions to academic discourse have found their place in eleven publications across various esteemed journals, recognized by the University Grants Commission.
