Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		The pandemic period has been particularly stressful to students to learn their lessons. Initially, there were problems like mobile phone availability, internet connectivity, student attention, lack of traditional classroom facilities and so on. Students and teachers overcame these problems by putting into good use Google and Zoom platforms for teaching. Every student was encouraged to use the email identity with institutional tag for easy communication and identification. For most of the teachers who were adepts in traditional Chalk and Talk Method, the transition to Blended Learning using the internet resources was a challenge. However, they took measures like conducting online quizzes and using Learning Management Systems that offer many platforms and an assortment of tools that make microlearning and mobile learning much easier. Learning repositories were created by individual teachers for every course and internet resources were put to good use. Cooperative learning became the order of the day as students and teachers shared the resources online. Online classes were conducted during fixed hours like the traditional in-person classes, with breaks in between to help the students overcome mental fatigue. Postgraduate and the final year undergraduate students were encouraged to make small presentations orally in the form of power point presentation. Each unit in a particular course (usually there are five units) was divided into smaller units and well staggered to enable students to learn with ease and understanding. The syllabus was completed well within time. For science students, as per the guidelines given by the government the practical classes were conducted following SOP. Knowledge Accelerator Programmes in the form of invited lectures, guest lectures, seminars, webinars were periodically arranged for the academic benefit of students. In fact, the online learning environment altered the mode of evaluation as well. The regular assignments were hand-written by students, scanned and sent through email. Students also wrote their Continuous Internal Assessment (CIA) tests through online. Question papers were uploaded half an hour before the commencement of tests. Students could download them and write answers during the specified time. The answer scripts were scanned by the students and uploaded within an hour after the end of tests. The students who could not upload the answer scripts were permitted to send the answer scripts through post or directly submit in the Departments. The End-of-the-Semester examinations were conducted similarly for students. A Students' web portal was created in 2021 which displays every student's personal details, End-of-the-Semester Examination Application form, Hall Ticket, online fee payment transaction link, End-of-the-Semester Examination results, students' attendance, arrear papers if any, exam fee, examination time-table and other details, which are protected by customized password.	
3. The period of delay in completion of syllabus (in months).		1	
4. The period of delay in conducting exams (in months).		1	
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
